---

Hi, Faruque,

I've invited them to the 10 am meeting, and asked Karen Angulo to add them to the 2:00.

Thanks,  
Kay

Hi Kay,  
Please invite Paul Mastradone and Meghan Radtke for the upcoming meetings with DOW and revise your invite list by adding Paul and Meghan as EFED participants. Thanks. Faruque

▼ Kathryn Montague---07/26/2012 03:48:22 PM---Hello, Dow has provided some additional information for next week's meetings on 2,4-D tolerant crops

---

Hello,

Dow has provided some additional information for next week's meetings on 2,4-D tolerant crops. I added the note in italics about EFED also being included at the 2:00 meeting, as well as the 10 am

meeting; we may need to touch on the highlights of what is discussed at the 10:00 meeting when the larger group meets at 2.

I will forward any additional information from Dow as I receive it.

Thank you,  
Kay

Subject: Enlist EPA/DAS August 1st meetings

---

Kay and Mike, thanks for your collaboration in making possible the two meetings set up for next Wednesday, August 1<sup>st</sup>, between EPA and DAS to discuss about different issues of pending herbicide registration on Enlist corn.

Find below the meetings objectives and a tentative list of topics/agendas, but please feel free to make any suggestion on this regard, as you deem find appropriate.

**First meeting** (10:00 – 10:30 am) with EFED and RD.

Objective: Respond/discuss on concerns EFED verbally communicated to DAS, last July 17, and review the respective actions taken on this regard.

Meeting Topics:

- 2,4-D Choline volatilization. Air chamber plant toxicity study as cited in "Field Volatility of Different 2,4-D Forms" MRID No. 48862902
- Comparative eco-toxicity data between 2,4-D Choline and other 2,4-D forms
- Need for ESA

- Higher air concentrations of 2,4-D because the expected use in corn and soybean

**Second Meeting** (2:00 – 3:00 pm) with RD [*and EFED*]

Objective: Discuss status and needs for the herbicides registration on Enlist corn

Meeting topics:

- Summary of additional information submitted to EPA in support of pending Enlist registrations
- Group discussion: off-target movement, human risk assessment, human exposure, ESA, stewardship program, 2013 launching plans.

Kay, I'll be e-mailing to you as soon as possible the available information as related to discussion topics listed above.

Because the tight time set for the meetings, starting on time and keeping focused will help us to meet meeting objectives.

Sincerely,

***Diego Fonseca***
